

## Canter Merlot Bordeaux

### The wine

Location: in the commune of Saint-Vincent-de-Paul,  
17 km north of Bordeaux, near the Dordogne.

Soil: clay and clay and limestone

Grape varieties: 100% Merlot

Ageing: in temperature controlled stainless steel vats

Cellaring potential: to be enjoyed for its fruitiness  
within the 2 years following the harvest

### Tasting

An excellent expression of the Merlot with all its roundness  
and fruitiness.

An honest nose with touches of candied fruit and black cherry.  
The supple initial taste blossoms harmoniously on the palate  
with lots of volume. A well-balanced, appealing wine.

### Serving

To be discovered as an aperitif or with roast white meat,  
with dishes in a light butter or fresh cream sauce.
